**Justification**

1. Vice-Chancellor post is a academic administrative position which requires the exposure and understanding of development administration, management, organizational development and 'Development Communication'. I have undergone and completed the courses related to the subjects mentioned above.
2. Persons occupying the Vice-Chancellor position require administrative experience, which I do possess as I have worked as 'Director of Research' in the university and 'State Joint Forest Planning and Management' coordinator in Karnataka Forest Department.
3. I have handled state, national and international projects funded by state and national hosts and also international agencies.
4. I have worked teacher and offered most of the under graduate and post graduate courses in Agricultural Extension.
5. I have worked as basic Extension worker as 'University Extension Guide' and promoted many agricultural technologies like DCH 32 Sharada Cotton varieties in the state.

In view of experiences both in Academics, Research and Extension system both in the university and Government. I am optimistic and confident that I can deliver the job of Vice-Chancellor very effectively and efficiently.

**Vision to build University**

To develop university as a center of excellence in Teaching, Research and Extension. Developing a district wise database of natural resources to elicit research areas. Giving more focus to participatory mode research to address to all technical problems of the districts coming under university jurisdiction. Development of model directorate of extension to respond to the needs of all the stakeholders; Farmers, Extension and Research personnel .Making the graduating students nationally & globally competitive by engendering them to expose to centres of excellence across the globe in various disciplines. To put in place rule of the law to ensure better academic and administration in the University. To develop the affiliated colleges of the university into best learning centre for UG students. Initiating measures to develop Model College for agriculture graduates in the country's agriculture education system.

I hereby declare that the Statements made by me in the application are true
