A Word With the Reader

Sincere thanks are due to the Department of Irrigation, Government of Karnataka who assigned the job of preparing Environmental Impact Assessment Report on Markandeya Reservoir Project comprising R & R Master Plan also to the Centre for Multi-Disciplinary Development Research, Dharwad. Now Part I & II of the Report is being presented here. Part I of the Report covers the R & R Master Plan of the submerging villages of the Markandeya Reservoir Project prepared as per 1987 act and Part II of the Report, covering the environmental impact assessment, environmental management plan and the questionnaire for Environment Appraisal (duly filled in) of the Markandeya Reservoir Project.

Project Director

A Short History of the Republic

The Republic of the United States of America was founded on the 4th of September 1776. It is a country of about 3,600,000 square miles, and has a population of about 25,000,000. It is bounded on the north by Canada, on the east by the Atlantic Ocean, on the south by Mexico, and on the west by the Pacific Ocean. It is divided into 48 States, and the District of Columbia. The capital is Washington, D. C. The President is the chief executive officer, and the Congress is the legislative body. The Supreme Court is the highest judicial authority. The Republic is a democracy, and the people elect their representatives to the Congress. The Republic is a member of the League of Nations, and is one of the leading powers in the world.
