## Shiddalingaswami V Hanagodimath

# Acknowledgement

Centre for Multi-disciplinary Development Research (CMDR) Dharwad places on record its sincere thanks to Government of Karnataka, for establishing a Chair in the name of an eminent economist like Dr. D M Nanjundappa.  The Chair has the mandate to carry forward views, ideas and philosophy of Dr. D M Nanjundappa as far as issues of regional development are concerned.  The Chair has already come out with various studies in the past couple of years and it has also actively organized various outreach programmes to sensitize policy makers, administrators, media and public at large.

We sincerely pledge on this occasion to dedicate ourselves to examine and bring out research outputs, policy briefs and other academic material to strengthen the efforts of reducing regional imbalances in the state.

# About the Taluk Report Cards

The publication of the report of "High Power Committee for Redressal of Regional Imbalances" popularly known as Dr. D M Nanjundappa Committee Report has generated a good deal of debate on understanding regional imbalances as well as making efforts in correcting such imbalances in the state of Karnataka. The Committee in its voluminous report tried to figure out the development status of taluks in Karnataka state. Using an array of indicators the Committee developed a **Comprehensive Composite Development Index (CCDI)** and **Cumulative Deprivation Index (CDI)** for each taluk and compared the value of CCDI of each taluk against that of the state to arrive at the comparative position of different taluks for the year 2000. The CCDI of Dr. D M Nanjundappa Committee in the present day context can be used as a *bench mark* to examine what has happened among the taluks as far as similar index is concerned. In this background CMDR attempted construction of similar index using similar methodology and database for the period 2009-10.

After the report was submitted various governments in the state made efforts in correcting the regional imbalances as per the recommendations of Dr. D M Nanjundappa Committee. In the recent past, under the banner of Special Development Plan (SDP), the Government of Karnataka has been providing resources in tune with the recommendations of the Dr. D M Nanjundappa Committee across the state with an intention to reduce regional imbalances.

The present report cards as developed by CMDR make a modest attempt to present the comparative development scenario of taluks in each district. The comparison is made between *Dr. D M Nanjundappa Index* and the *Index as developed by CMDR*. The Report Cards contain at the outset the comparative positions of CCDI for two periods of time followed by the resource position.

The report cards basically address the policy makers and administrators for whom user friendly graphical presentations followed by cryptic notes are presented. Such report cards would come out for each district and presented as per the administrative divisions in the state.

We hope and trust that these report cards would be useful in taking further the issue of reducing regional imbalances in the state at large.

# About Indicators and Methodology

Using 35 indicators - covering sectors viz., Agricultural and allied (9); Industrial Trade and Finance (5); Economic Infrastructure (9); Social Infrastructure (7); and Population Characteristics (5); Sector wise index for each of the 175 taluks by using a methodology which assigns a precise weight to each of these indicators. These 5 sectoral indices are then aggregated into a CCDI by using the shares of these 5 sectors (suitably adjusted by giving a 10 percent additional weightage to social infrastructure) in the SDP of Karnataka.

Considering that an index of '1' indicates the state average, the Committee was able to identify 114 taluks whose CCDI values were less than '1' as "Backward Taluks". The Committee further sub- divided these into:

(i)     Relatively developed taluks CCDI >1.
(ii)    Backward taluks: $0.88 < CCDI < 1$;
(iii)   More backward taluks: $0.79 < CCDI < 0.89$;
(iv)    Most backward taluks $0.52 < CCDI < 0.80$;

**(HPCFRRI, 2002, pp 906)**

CMDR has followed the same methodology as stated above for arriving at CCDI values for the same set of indicators using the 2009-10 data.

| 1. Agricultural and Allied |
|---|
| A1: Percentage of total cropped area to net area sown, |
| A2: Percentage of area under food grains to total cropped area, |
| A3: Percentage of area under horticultural crops to total cropped area |
| A4: Percentage of area under commercial crops to total cropped area |
| A5: Percentage of net area irrigated to net area a sown |
| A6: Fertilizer (NPK) consumption in kilograms per hectare (total cropped area) |
| A7: Number of tractors per lakh rural population |
| A8: Livestock units per lakh rural population |
| A9: per capita bank credit (commercial and regional rural banks) to agriculture (in rupees) |
| |
| 2. Industry, Trade and Finance |
| I1: Number of industrial units per lakh population, |
| I2: Percentage of industrial workers to total workers, |
| I3: Per capita development credit by banks, |
| I4: Number of bank branches per lakh population, |
| I5: Number of enterprises engaged in trade, hotels and transport per lakh population |
| |
| 3. Infrastructure (Economic) |
| E1: Number of post offices per lakh population |
| E2: Number of telephones per lakh population |
| E3: Road length in kilometers per 100 square kilometres |
| E4: Proportion of villages having access to all weather roads(in percentage) |
| E5: Railway track in kilometers per 1000 square kilometres |
| E6: Number of motor vehicles per lakh population |
| E7: Number of co-operative credit societies (agri. & non-agriculture) per lakh population |
| E8: Proportion of electrified villages and hamlets to total villages and hamlets |
| E9: Number of regulated markets and sub-markets (equivalent regulated markets) per lakh population |
| |
| 4. Infrastructure (Social) |
| S1: Number of doctors (govt. & private) per 10,000 population |
| S2: Number of government hospital beds per 10,000 population |
| S3: Literacy rate (in percentage) |
| S4: Pupil-teacher ratio (1st to 10th standard) |
| S5: Percentage of children out of school in the age group 6 - 14 years |
| S6: Number of students enrolled in government and aided first grade degree colleges per lakh population |
| S7: Percentage of habitations having drinking water facility of 40 or more LPCD |
| |
| 5. Population Characteristics |
| P1: Sex ratio |
| P2: Percentage of urban population to total population |
| P3: Percentage of SC & and ST population to total population |
| P4: Percentage of non-agricultural workers to total workers |
| P5: Percentage of agricultural labourers to total workers |

| Taluk | Comprehensive composite Development Index (CCDI) | | | Status of Taluks as per Dr. D M Nanjundappa Committee Report (1999-00) | Status of Taluks as per 2009-10 Index |
|---|---|---|---|---|---|
| | 1999-00 | 2009-10 | % Change | | |
| Mysore | 1.58 | 2.00 | 26.68 | Relatively Developed (6) | Relatively Developed (3) |
| Nanjanagud | 0.87 | 0.96 | 10.54 | More Backward (105) | Backward (90) |
| K.R. Nagar | 0.92 | 1.01 | 9.71 | Backward (83) | Relatively Developed (74) |
| H.D. Kote | 0.72 | 0.75 | 4.74 | Most Backward (156) | Most Backward (153) |
| Hunsur | 0.88 | 0.90 | 2.58 | More Backward (101) | Backward (107) |
| T. Narasipur | 0.87 | 0.86 | -2.14 | More Backward (103) | More Backward (129) |
| Periyapatna | 0.97 | 0.91 | -6.03 | Backward (70) | Backward (104) |

Note: Figures in brackets indicate ranking of taluks in comparison to the state CCDI

**Overall District Scenario:**

➢ As per Dr. D M Nanjundappa Committee Report only one out of 7 taluk (Mysore) was in the developed category, while for the 2009-10 index. There were two taluks (Mysore and K R Nagar) in the developed category among seven taluks.

➢ Periyapatan (-6%), T-Narasipura are the taluks whose growth in over all CCDI is negative from 1999-00 index to 2009-10 index.

➢ Nanjangudu and Hunsur taluks have moved forward from more backward category to backward category.

➢ K R Nagar improved its category from backward to developed.

➢ Among the taluks Mysore has shown the highest improvement from 1999-00 to 2009-10. It has improved its rank from 6th to 3rd.

**Overall Comprehensive Composite Development Index (CCDI)**

| Taluk | Percentage Change |
|---|---|
| Periyapatna | -6.03 |
| T. Narasipur | -2.14 |
| Hunsur | 2.58 |
| H.D. Kote | 4.74 |
| K.R. Nagar | 9.71 |
| Nanjanagud | 10.54 |
| Mysore | 26.68 |

| Taluk | CCDI-AGRICULTURE AND ALLIED | | | Status of Taluks as per Dr. D M Nanjundappa Committee Report (1999-00) | Status of Taluks as per 2009-10 Index |
|---|---|---|---|---|---|
| | 1999-00 | 2009-10 | % Change | | |
| Mysore | 0.93 | 1.32 | 40.71 | More Backward (102) | Relatively Developed (39) |
| H.D. Kote | 0.66 | 0.76 | 15.47 | Most Backward (163) | Most Backward (150) |
| Nanjanagud | 0.78 | 0.73 | -6.18 | Most Backward (140) | Most Backward (157) |
| Hunsur | 0.88 | 0.81 | -8.26 | More Backward (115) | More Backward (138) |
| K.R. Nagar | 0.96 | 0.87 | -8.72 | More Backward (99) | More Backward (125) |
| T. Narasipur | 0.90 | 0.82 | -9.07 | More Backward (112) | More Backward (135) |
| Periyapatna | 1.28 | 0.97 | -24.31 | Relatively Developed (44) | Backward (105) |

Note: Figures in brackets indicate ranking of taluks in comparison to the state CCDI

**Agriculture and Allied:**

➢ As per Dr. D M Nanjundappa Committee Report only one taluk was in the developed category and 2009-10 index found two taluks as developed in agriculture and allied index.

➢ Mysore and H D Kote have shown positive growth from 1999-00 to 2009-10.

➢ Mysore moved forward from more backward category to developed category and Periyapatan moved backward from developed to backward category.

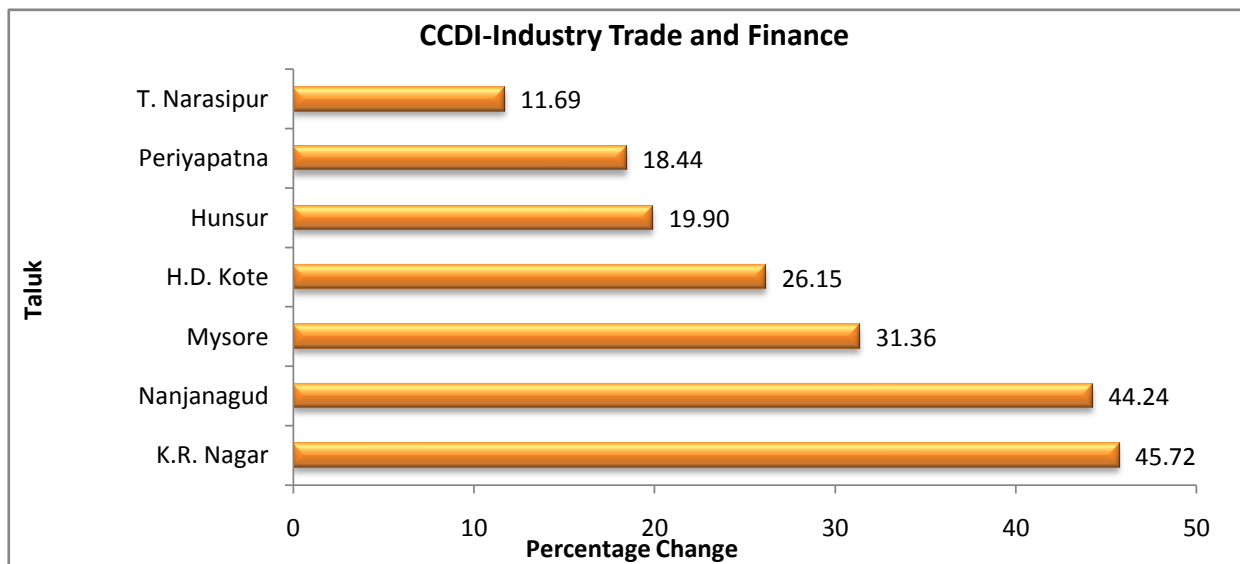

CCDI-Agriculture & Allied
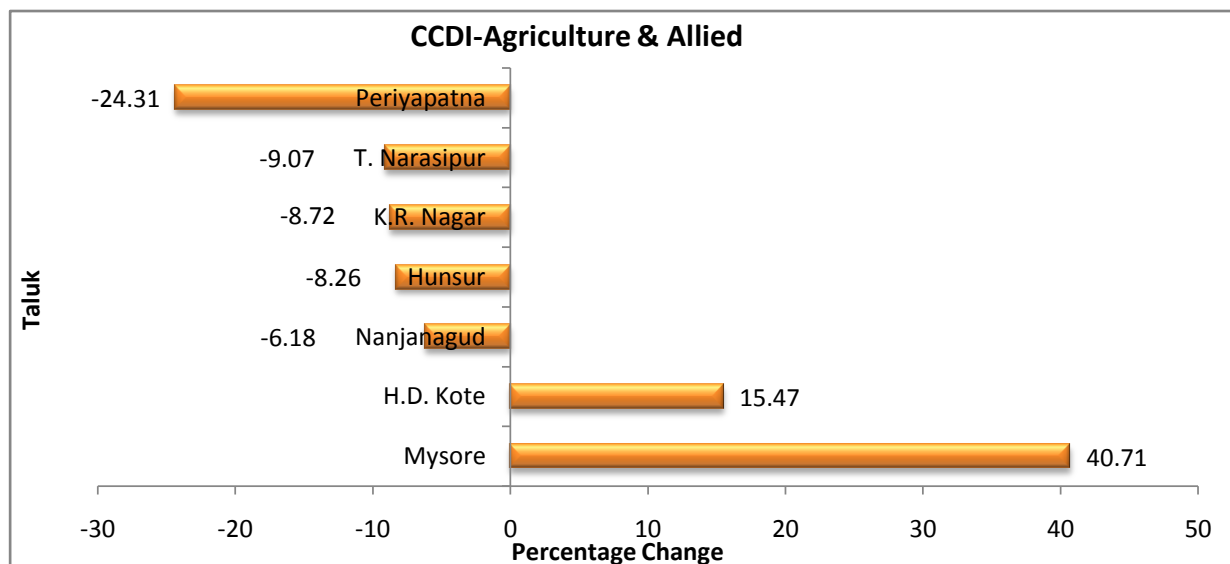

## CCDI-INDUSTRY, TRADE AND FINANCE

| Taluk | CCDI-INDUSTRY, TRADE AND FINANCE | | | Status of Taluks as per Dr. D M Nanjundappa Committee Report (1999-00) | Status of Taluks as per 2009-10 Index |
|---|---|---|---|---|---|
| | 1999-00 | 2009-10 | % Change | | |
| K.R. Nagar | 0.66 | 0.97 | 45.72 | Most Backward (136) | Backward (68) |
| Nanjanagud | 0.84 | 1.21 | 44.24 | More Backward (68) | Relatively Developed (37) |
| Mysore | 1.94 | 2.55 | 31.36 | Relatively Developed (5) | Relatively Developed (4) |
| H.D. Kote | 0.59 | 0.74 | 26.15 | Most Backward (149) | Most Backward (105) |
| Hunsur | 0.76 | 0.91 | 19.90 | Most Backward (99) | Backward (77) |
| Periyapatna | 0.77 | 0.91 | 18.44 | Most Backward (94) | Backward (76) |
| T. Narasipur | 0.76 | 0.85 | 11.69 | Most Backward (101) | More Backward (82) |

Note: Figures in brackets indicate ranking of taluks in comparison to the state CCDI

**Industry, Trade and Finance:**

➢ Except Mysore, no taluks were found in the developed category in Dr. D M Nanjundappa Committee Report.
➢ 2009-10 index found Nanjangudu along with Mysore in the developed category.
➢ All taluks have shown a positive improvement from 1999-00 index to 209-10 index.
➢ T-Narasipura improved from most backward category to more backward category.
➢ K R Nagar, Hunsur, Periyapatan improved their category from most backward to backward.
➢ Totally industry, trade and finance sector improved in the district over a decade.

**CCDI-Industry Trade and Finance**

| Taluk | Percentage Change |
|---|---|
| T. Narasipur | 11.69 |
| Periyapatna | 18.44 |
| Hunsur | 19.90 |
| H.D. Kote | 26.15 |
| Mysore | 31.36 |
| Nanjanagud | 44.24 |
| K.R. Nagar | 45.72 |

| Taluk | CCDI-INFRASTRUCTURE (ECONOMIC) | | | Status of Taluks as per Dr. D M Nanjundappa Committee Report (1999-00) | Status of Taluks as per 2009-10 Index |
|---|---|---|---|---|---|
| | 1999-00 | 2009-10 | % Change | | |
| Mysore | 1.52 | 2.08 | 36.74 | Relatively Developed (13) | Relatively Developed (1) |
| Hunsur | 0.89 | 0.81 | -8.94 | Backward (121) | More Backward (140) |
| Nanjanagud | 0.95 | 0.81 | -14.72 | Backward (104) | More Backward (141) |
| T. Narasipur | 0.92 | 0.77 | -15.78 | Backward (112) | Most Backward (149) |
| K.R. Nagar | 1.36 | 1.11 | -18.05 | Relatively Developed (24) | Relatively Developed (66) |
| H.D. Kote | 0.76 | 0.60 | -21.16 | Most Backward (152) | Most Backward (174) |
| Periyapatna | 0.93 | 0.72 | -22.38 | Backward (110) | Most Backward (162) |

Note: Figures in brackets indicate ranking of taluks in comparison to the state CCDI

**Economic Infrastructure:**

➢ As per Dr D M Nanjundappa Committee Report Mysore and K R Nagar were in the developed category which continued in the latest index also.
➢ Except Mysore all taluks have experienced a negative trend from 1999-00 to 2009-10.
➢ Negative trend various with higher found Periyapatan (-22%) and lowest in Hunsur (9%).
➢ Hunsur and Periyapatan moved backward from backward to more backward category.
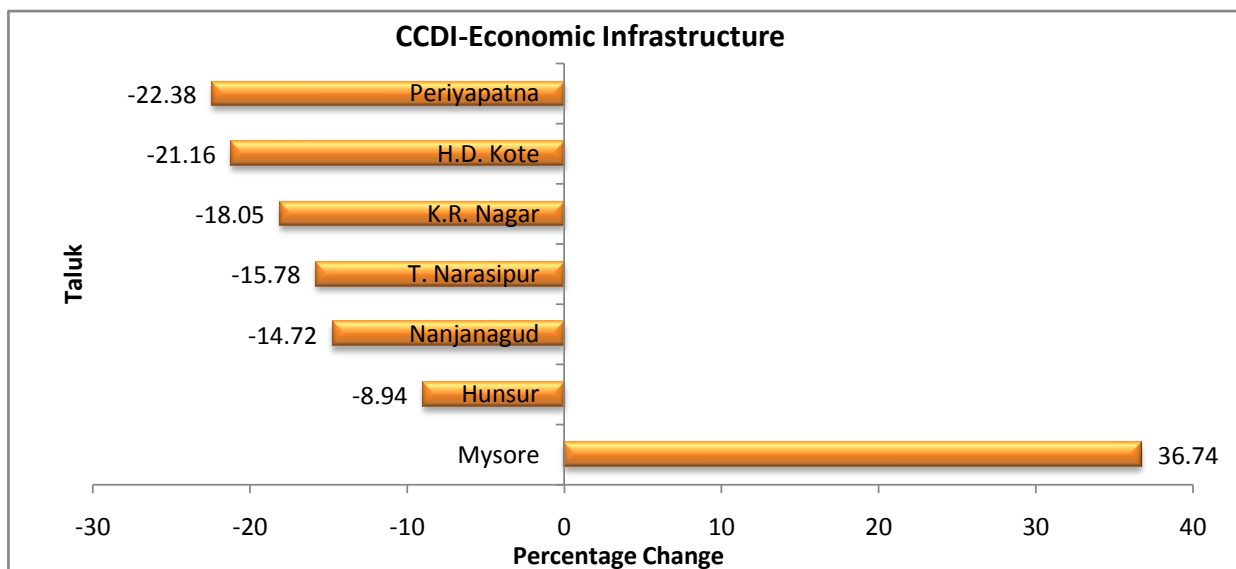

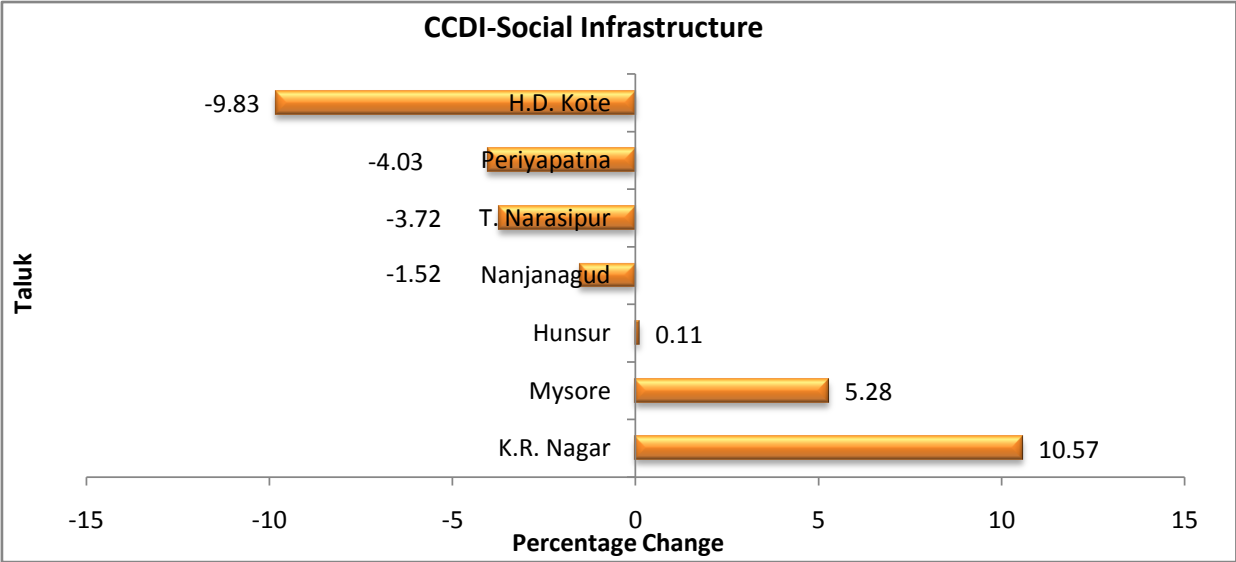

| Taluk | CCDI-INFRASTRUCTURE (SOCIAL) | | | Status of Taluks as per Dr. D M Nanjundappa Committee Report (1999-00) | Status of Taluks as per 2009-10 Index |
|---|---|---|---|---|---|
| | 1999-00 | 2009-10 | % Change | | |
| K.R. Nagar | 1.08 | 1.19 | 10.57 | Relatively Developed (46) | Relatively Developed (41) |
| Mysore | 1.82 | 1.91 | 5.28 | Relatively Developed (2) | Relatively Developed (5) |
| Hunsur | 1.02 | 1.02 | 0.11 | Relatively Developed (58) | Relatively Developed (76) |
| Nanjanagud | 0.98 | 0.97 | -1.52 | Backward (63) | Backward (94) |
| T. Narasipur | 0.99 | 0.95 | -3.72 | Backward (61) | Backward (99) |
| Periyapatna | 0.98 | 0.94 | -4.03 | Backward (64) | Backward (104) |
| H.D. Kote | 0.91 | 0.82 | -9.83 | Backward (85) | More Backward (140) |

Note: Figures in brackets indicate ranking of taluks in comparison to the state CCDI

**Social Infrastructure:**

➢ K R Nagar, Mysore and Hunsur were found in the developed category in both Dr. D M Nanjundappa Committee Report and in index 2009-10.
➢ Except these three taluks, all taluks are not only in the underdeveloped category but have also shown negative growth rate from 1999-00 index to 2009-10 index.
➢ H D Kote is the only taluk which has changed its position from backward to more backward category in the reference period.

**CCDI-Social Infrastructure**

# CCDI-POPULATION CHARACTERISTICS

| Taluk | CCDI-POPULATION CHARACTERISTICS | | | Status of Taluks as per    Dr. D M Nanjundappa Committee Report (1999-00) | Status of Taluks as per  2009-10 Index |
|---|---|---|---|---|---|
| | 1999-00 | 2009-10 | % Change | | |
| Mysore | 1.21 | 1.87 | 53.78 | Relatively Developed (6) | Relatively Developed (9) |
| Periyapatna | 0.70 | 0.87 | 24.33 | Most Backward (171) | More Backward (131) |
| K.R. Nagar | 0.74 | 0.89 | 19.28 | Most Backward (165) | Backward (113) |
| Hunsur | 0.88 | 0.83 | -6.54 | More Backward (113) | More Backward (153) |
| Nanjanagud | 0.88 | 0.82 | -7.14 | More Backward (112) | More Backward (154) |
| T. Narasipur | 0.91 | 0.84 | -7.39 | Backward (102) | More Backward (143) |
| H.D. Kote | 0.87 | 0.77 | -11.61 | More Backward (120) | Most Backward (173) |

Note: Figures in brackets indicate ranking of taluks in comparison to the state CCDI

**Population Characteristics:**

- ➢ Mysore taluk was in the developed category in Dr D M Nanjundappa Committee Report as well as 2009-10 index.
- ➢ Three taluks viz., Mysore, Periyapatan and K R Nagar have shown a positive change from 1999-00 index to 2009-10 index.
- ➢ Hunsur, Nanjangudu, T Narasipura and H D Kote taluks have shown negative trend.
- ➢ Periyapatan, K R Nagar taluks have improved from most backward to more backward and developed category respectively.
- ➢ T-Narasipura declined from backward to more backward category and H D Kote from more backward to most backward category.
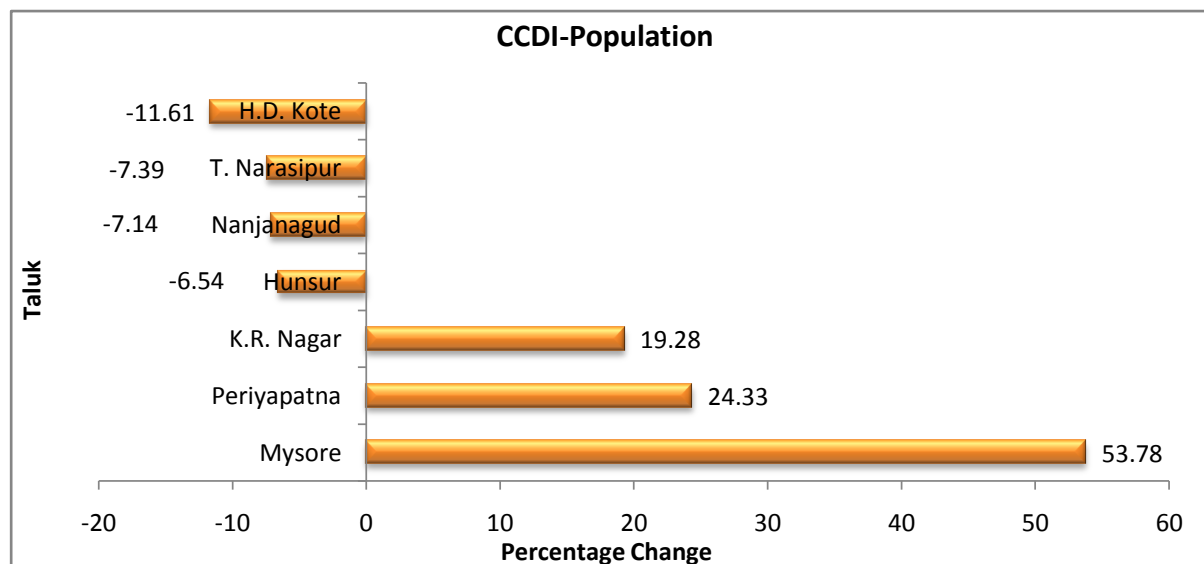

## A1- Percentage of Total Cropped Area to Net area Sown

| Taluk | Actual Data | | Normalized Indicator | | % Change |
|---|---|---|---|---|---|
| | 1999-00 | 2009-10 | 1999-00 | 2009-10 | |
| Hunsur | 111.75 | 198.68 | 0.95 | 1.63 | 71.37 |
| Periyapatna | 138.50 | 207.44 | 1.18 | 1.70 | 44.37 |
| K.R. Nagar | 127.76 | 171.96 | 1.09 | 1.41 | 29.73 |
| Mysore | 124.46 | 142.03 | 1.06 | 1.17 | 10.00 |
| Nanjanagud | 134.03 | 140.47 | 1.14 | 1.15 | 1.02 |
| H.D. Kote | 110.92 | 116.18 | 0.95 | 0.95 | 0.96 |
| T. Narasipur | 119.39 | 113.22 | 1.02 | 0.93 | -8.60 |
| District | 122.97 | 154.80 | 1.05 | 1.27 | 21.34 |

**A1: Percentage of total area cropped to net area sown**

➢ As per D M Nanjundappa Committee Report, among the seven taluks five taluks were in the developed category which remained the same over a period of ten years with dislocation among the taluks.

➢ Periyapatan, K R Nagar, Mysore and Nanjangudu were in the developed category in both the indices.

➢ Hunsur improved from backward to developed category, whereas T-Narasipura declined from developed to underdeveloped category.

➢ However except T-Narasipura all taluks have shown positive change from 1999-00 to 2009-10.
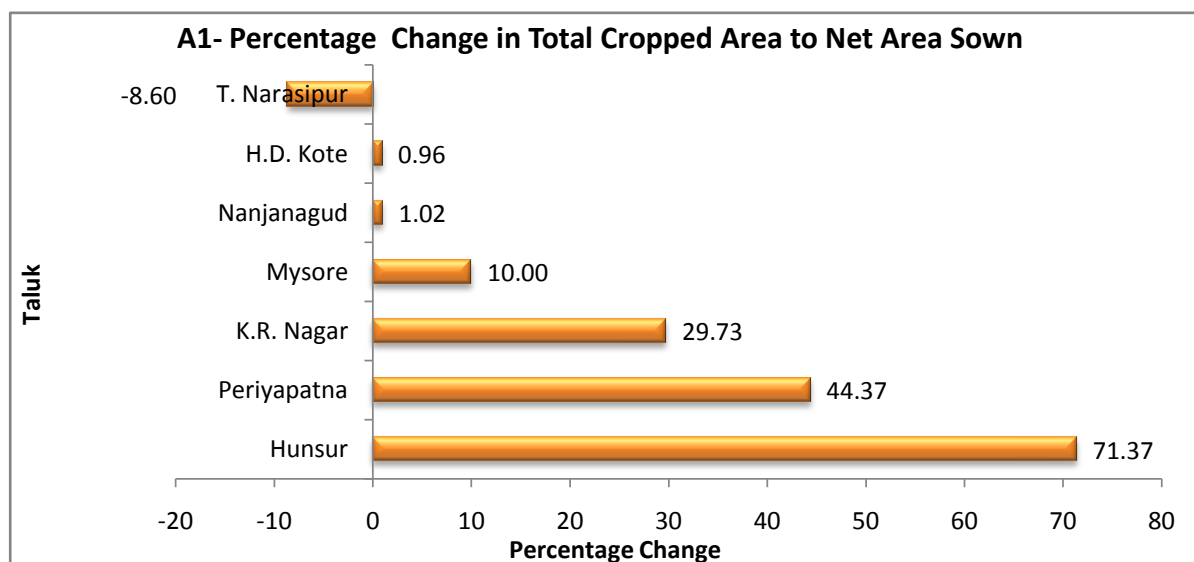

### A1- Percentage Change in Total Cropped Area to Net Area Sown

| Taluk | Actual Data | | Normalized Indicator | | % Change |
|---|---|---|---|---|---|
| | 1999-00 | 2009-10 | 1999-00 | 2009-10 | |
| T. Narasipur | 68.04 | 85.12 | 1.14 | 1.43 | 25.35 |
| Nanjanagud | 59.03 | 72.68 | 0.99 | 1.22 | 23.37 |
| Hunsur | 59.70 | 62.39 | 1.00 | 1.05 | 4.70 |
| Mysore | 73.22 | 75.86 | 1.23 | 1.27 | 3.80 |
| K.R. Nagar | 80.84 | 73.74 | 1.36 | 1.24 | -8.61 |
| Periyapatna | 56.66 | 50.16 | 0.95 | 0.84 | -11.30 |
| H.D. Kote | 56.28 | 44.59 | 0.94 | 0.75 | -20.61 |
| District | 63.88 | 63.88 | 1.07 | 1.07 | 0.19 |

**A2 - Percentage Of Area Under Food Grains To Total Cropped Area**

**A2: Percentage of area under food grains to total cropped area**

➢ As per Dr. D M Nanjundappa Committee Report four out of seven taluks were in the developed category.

➢ In index 2009-10 except Periyapatan and H D Kote, remaining five taluks were in the developed category.

➢ Except K R Nagar, Periyapatan and H D Kote, all taluks have shown the positive change from 1999-00 index to 2009-10 index.

➢ The highest positive and negative changes are observed in T Narasipura (25.35 %) and H D Kote (20.61%) respectively.

➢ The indicator *Percentage of area under food grains to total cropped area* in the district has shown a marginal increase of 0.19 per cent over a decade.

A2 - Percentage Change In Area Under Foodgrains To Total Cropped Area

| A3- Percentage Of Area Under Horticultural Crops To Total Cropped Area | | | | | |
|---|---|---|---|---|---|
| Taluk | Actual Data | | Normalized Indicator | | % Change |
| | 1999-00 | 2009-10 | 1999-00 | 2009-10 | |
| H.D. Kote | 0.27 | 9.15 | 0.08 | 0.63 | 678.76 |
| Periyapatna | 0.37 | 6.13 | 0.11 | 0.42 | 279.48 |
| Hunsur | 1.09 | 8.10 | 0.32 | 0.56 | 72.14 |
| Nanjanagud | 0.75 | 5.34 | 0.23 | 0.37 | 63.21 |
| Mysore | 2.50 | 13.55 | 0.75 | 0.93 | 24.82 |
| K.R. Nagar | 1.01 | 4.79 | 0.30 | 0.33 | 9.37 |
| T. Narasipur | 2.00 | 8.52 | 0.60 | 0.59 | -1.48 |
| District | 1.08 | 7.78 | 0.32 | 0.54 | 66.37 |

**A3: Percentage of area under horticultural crops to total cropped area**

➢ None of the taluks were found to be developed either in Dr D M Nanjundappa Committee Report or in 2009-10 index.
➢ However, over the period of a decade, one can observe significant improvement in the index especially in H D Kote and Periyapatan.
➢ T-Narasipura is the only taluk which has shown the negative change from 1999-00 index to 2009-10 index.
➢ The indicator *Percentage of area under horticultural crops to total cropped area* in the district has improved by 66.37 per cent over a decade.

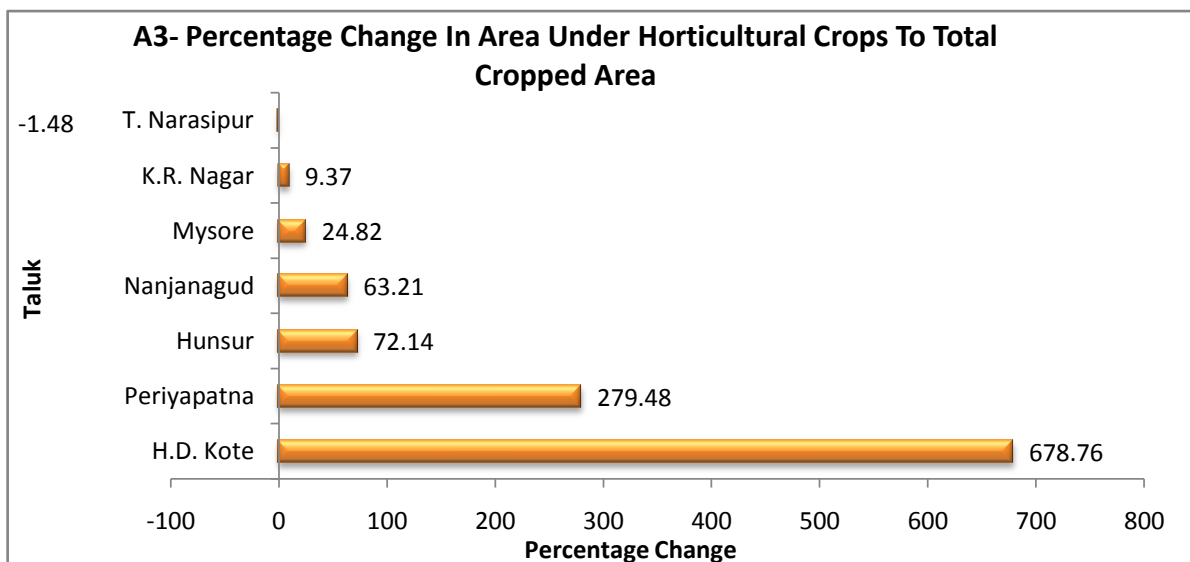

A3- Percentage Change In Area Under Horticultural Crops To Total Cropped Area

| A4 - Percentage Of Area Under Commercial Crops To Total Cropped Area | | | | | |
|---|---|---|---|---|---|
| Taluk | Actual Data | | Normalized Indicator | | % Change |
| | 1999-00 | 2009-10 | 1999-00 | 2009-10 | |
| K.R. Nagar | 18.10 | 24.89 | 0.50 | 0.77 | 54.32 |
| H.D. Kote | 43.45 | 51.38 | 1.19 | 1.58 | 32.70 |
| Periyapatna | 42.77 | 48.25 | 1.17 | 1.49 | 26.59 |
| Hunsur | 39.08 | 34.31 | 1.07 | 1.06 | -1.49 |
| Mysore | 24.28 | 19.13 | 0.67 | 0.59 | -11.59 |
| Nanjanagud | 40.02 | 26.40 | 1.10 | 0.81 | -25.98 |
| T. Narasipur | 29.93 | 9.47 | 0.82 | 0.29 | -64.51 |
| District | 34.95 | 33.18 | 0.96 | 1.02 | 6.52 |

**A4: Percentage of area under commercial crops to total cropped area**

➢ As per Dr D M Nanjundappa Committee Report there were four taluks in the developed category

➢ In the recent index only three taluks namely H D Kote, Periyapatan and Hunsur were in the developed category.

➢ Three out of seven taluks face positive development from 1999-00 index to 2009-10 index.

➢ The positive change varies between 26 and 55 percent and negative change varies between 1 and 65 percent.

➢ The district has shown an improvement of 6.52 per cent in *Percentage of area under commercial crops to total cropped area* over a decade.

**A4 - Percentage Change In Area Under Commercial Crops To Total Cropped Area**

-64.51 T. Narasipur
-25.98 Nanjanagud

# About CMDR

The Centre for Multi-disciplinary Development Research (CMDR) is an autonomous non-profit research organisation located at Dharwad. It was registered in 1980 under the Society's Registration Act. The Indian Council of Social Science Research (ICSSR), New Delhi, an all India apex body of Central Government to promote social science research in the country, recognized CMDR in 1990 as a national level research institute for social science research with regular funding. The Government of Karnataka has also been providing regular maintenance grant to CMDR.

The main objective of the Centre is to undertake research with multi-disciplinary perspective on a variety of socio-economic problems of Karnataka in particular and Indian economy in general and facilitate policy decisions and capacity enhancement on the basis of research studies for the benefit of the society, region and economy through investigation, dissemination, intervention and application. CMDR has also been organising capacity building programmes, research methodology workshops and, Ph.D. programmes in Social Sciences.

After over 30 years of continual action research, CMDR has now emerged as a major think tank in north Karnataka. Two important Research Chairs have been created at CMDR by the Karnataka Government, one in memory of Dr. D. M. Nanjudappa and the other in the name of Shri. Abdul Nazir Sab.
