INSTRUCTIONS TO AUTHOR

Manuscript Submission

CMDR Journal of Social Research welcomes research papers for dissemination of original research, analytical papers, and papers based on literature reviews on any aspect of the social sciences. Research papers should be submitted electronically to the Editor, CMDRJSR at *editor@cmdr.ac.in*.

Review System

Every research paper/manuscript submitted by the author will undergo a double-blind review process. The Editor reserves the right to reject any manuscript as unsuitable for publication, keeping in view the required level of logical argument, the topic of relevance and citation style of the submitted paper without requesting external review.

Basic Format of the Manuscript

Contributors must include their affiliations, postal and e-mail addresses in their submissions (papers and book reviews). Research papers should be written in MS Word (1.5-spaced) format and range from 4000 to 5000 words. It must be accompanied by an abstract of 150-200 words and necessary keywords (4-5). CMDRJSR accepts reviews of scholarly books on social sciences (1500-2000 words).

Spellings and Numerical Usages

Use British spellings in all cases instead of American spellings (hence 'programme' not 'program', 'labour' not 'labor'). Use 's' spelling instead of 'z' spelling (hence 'organise' not 'organize'). Use figures to express all numbers 10 and above. Spell out numbers lower than 10; however for exact measurement, use only figures (3 km, 9 per cent, not %)

Quotation, Notes, Tables, and Figures

Use a single quote throughout. Use double quotes only within single quotes. Spellings of words in quotations should not be changed. Quotations of 45 words or more should be indented from the text.

CMDRJSR uses endnotes in the place of footnotes. Endnotes should be numbered serially and presented at the end of the paper. We advocate minimum usage of tables and figures. However, all tables and figures should be numbered and their sources should be clearly stated below them.
